The Cartridge Guide

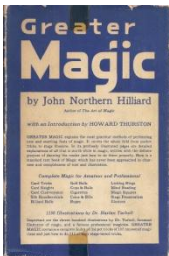

The Small Arms Ammunition Identification Manual

by Ian V. Hogg

Published by Stackpole Books, 1982

This unique reference work enables complete identification of any metallic cartridge -- the current, obsolete, military, commercial, rifle, and pistol ammunition of all nationalities. The system of classification used in the book was devised by the author expressly for the use of police and military personnel. It is so successful that even an absolute beginner can come up with an accurate assessment and identification of an unknown cartridge.
