### How Your Support Helps

For over 3 decades, supporters like you have helped us deliver programs and services to those experiencing hardships. One area of focus has been our Adaptive Sports Program for Disabled Veterans that runs in partnership with the VA. The program provides

an environment for those veterans with disabilities to engage in adaptive therapy, and physical and emotional rehabilitation. The program's objectives include alleviating symptoms of depression, fostering social connections, enhancing functional independence, sharpening cognitive abilities, and bolstering family support. Your generosity also ensures that kids facing financial difficulties can attend Camp Lakewood this summer, where they can experience the joy and personal growth that comes with camp. It's through your contributions that we have been able to continue to provide life changing experiences for so many families and children in need within our community.

### Auction

This year's event will feature a weeklong online auction that will culminate in person at the reception directly after the tournament.
